Dominguez Hills

College of Business Administration and Public Policy
Carson, CA 90747 • (310) 243-3548 • FAX (310) 516-3664

California State University, Dominguez Hills, invites applications for a full-time position at the rank of lecturer of information systems in the Department of Information Systems and Operations Management, College of Business Administration and Public Policy. The appointment will be effective spring semester 2009. Appointment and start date are subject to the availability of funds.

POSITION DUTIES AND RESPONSIBILITIES

Teaching duties may consist of day or evening classes. Additional responsibilities include maintaining academic or professional qualifications as required by AACSB accreditation standards and the business program's policies that define academic and professional qualifications of faculty. The position requires service consistent with the mission of the University and the College of Business and Public Policy. The policies on academic and professional qualification state that published research in support of the mission is one means to maintain academic or professional qualification, as is high level involvements with business or other appropriate practitioner communities. Teaching responsibilities will include primarily undergraduate courses and possibly graduate courses, and may include online courses. Experienced practitioners with an interest in higher education who can meet the qualifications listed below are encouraged to apply.

QUALIFICATIONS

- A. **Required:** An appropriate masters degree in information systems or computer science. Degrees from closely related fields and majors may be considered (e.g., a business administration or operations management degree with a strong systems background). Academic scholarship or significant managerial or professional practitioner experience that meets the business program's standards for academic or professional qualification. A record of or potential for effective teaching and the ability to maintain academic or professional qualification in the field of instruction.
- B. **Preferred:** Advanced knowledge or experience in one or more of the following areas: systems development, data communications, database, information security, programming, network analysis, ERP (especially SAP), operations management and supply chain. PhD or appropriate terminal degree or high level and extensive managerial or professional practitioner experience. The ability to interact effectively with professionals in the discipline. Experience in or potential for teaching on-line courses. Ability to build programs and attract students at the undergraduate and graduate levels.

RANK AND SALARY

Appointment will be at the rank of full-time lecturer. Compensation, benefits, workload, and related factors are competitive.

APPLICATION PROCEDURE

To ensure full consideration, applications should be submitted no later than October 1, 2008. Thereafter, review of applications will begin and will continue until the position is filled. Anticipated start date for this full-time position is the start of the spring semester 2009, which begins in late January. Candidates are requested to

submit a cover letter and résumé to Dr. Raoul J. Freeman, Chairman, of Information Systems and Operations Management Department College of Business Administration and Public Policy, California State University, Dominguez Hills, 1000 E. Victoria St., Carson CA 90747, rfreeman@csudh.edu. Candidates that pass initial screening will be invited to submit three (3) recent letters of recommendation and teaching evaluations (if available). Please submit electronic copies of all application materials. Hard copies are not necessary.

THE DEPARTMENT

The Department of Information Systems and Operations Management has 10 full-time faculty. The department offers undergraduate concentrations in information technology management and logistics management and an undergraduate certificate in information systems. In the MBA, the department offers concentrations in logistics management and information technology management. The department is developing new concentrations at both undergraduate and graduate levels. Please visit the College website at <http://cbapp.csudh.edu> for more information.

THE COLLEGE OF BUSINESS ADMINISTRATION AND PUBLIC POLICY

The College of Business Administration and Public Policy consists of three business departments (accounting and finance, information and operations systems, and management and marketing), two departments of public policy (political science and economics; and public administration) and the applied studies program. The College houses 60 full-time faculty, 2100 undergraduates and 450 graduates. The business major awards the largest number of bachelor degrees on campus. The business program is the second largest program in the university including both undergraduate and graduate degrees. The College offers two graduate degrees, an MBA and an MPA. These two degrees have on-line options with complete concentration and course offerings. The MBA Online program was cited in the Wall Street Journal and is listed as a top-ten best buy by Geteducated.com. The public administration program is accredited by NASPAA. For more information please go to <http://cbapp.csudh.edu>.

THE CAMPUS

California State University, Dominguez Hills, was established in 1960 and is one of the 23 campuses that comprise The California State University system. CSU Dominguez Hills is an urban, comprehensive public university that serves a culturally rich, diverse student body of over 12,000 students at the undergraduate and graduate levels. Located on a 346-acre site in the South Bay portion of the greater Los Angeles metropolitan area, CSU Dominguez Hills has a highly pluralistic student body, which includes a significant number of non-traditional, working adult students as well as approximately 2,000 students enrolled in distance learning programs. The University, with its five colleges, has more than 300 full-time faculty members and is situated in an area characterized by an extraordinary heterogeneity of people and an extensive array of high technology industries and professional services. The campus is also the site of the dynamic public-private partnership between CSU Dominguez Hills and AEG Corporation that spawned the Home Depot Center athletic complex.

Upon appointment all candidates must furnish proof of eligibility to work in the U. S.

CSUDH is an Equal Opportunity, Section 504, Title IX Employer.
